Dear Josh:

Congratulations on your recent opus in Science. Would you be so good as to send me several reprints of your article so that I can retain my own copy which I have been exhibiting far and wide.

I had occasion to learn a good deal more about your field when I attended a virus symposium at Cold Spring Harbor earlier this summer. I am sorry that you were not there. Ryan and I frequently talk about you. You have all of our best wishes.

Sincerely,

*Samuel Gruff*  
S. Gruff
